CABINET REFERENCE

*Not all models are shown. Please, see catalog for more details.

FILLERS (PER CABINET)

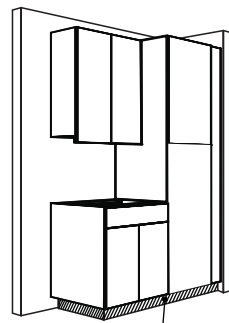

- Standard filler width will be 3". CQ will ship 1" oversize fillers. You will be getting 3" fillers to be cut on field (this 1" will be reflected).
- Fillers material will match the door material. Will also match the door height including the reveals.
- Fillers will be finished on all 4 sides.
- Is intended to be flush with the cabinet door. All wooden parts needed for installation will be provided. (3M panel adhesive and 3M tape not provided - see filler instructions)

FILLER

TOE KICK PARTS

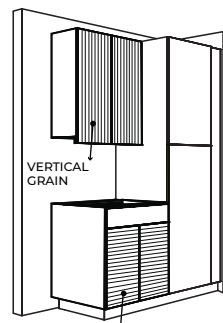

- Standard height is 4".
- Toe kick heights in prints are reflected from finish floor height.
- Leg levellers can be adjusted from 4" to 5 1/4".
- CQ default to install toe bases on the finished floor.

TOE KICKS

GRAIN MATCH

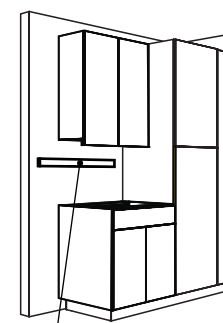

- Grain will continue across cabinet doors per cabinet only.
- Options available: vertical and horizontal grain.
- CQ default is vertical grain match.

HORIZONTAL GRAIN

LIGHT VALANCE

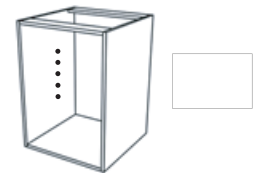

- Light Valance is typically a 2" space on the bottom of the cabinet intended to cover and hide the undercounting lighting.
- There are several ways to do a light valance. Consult our experts for more information.
- CQ will not provide light valance unless specified.

LIGHT VALANCE

CABINET LINE (BORE) DRILL

- CQ default is bore by opening.
- Other option available only by request: bore only required holes (5 holes per shelf).

HINGES & HINGE PLATES

- CQ default is to provide soft-close BLUM hinges with all ordered doors.

UNDERMOUNT DRAWER GUIDES

- CQ default is to provide soft-close BLUM guides with all ordered drawer cabinets.
